REGARDING:

Calls the Department's attention to the usage by the Italian Government of "Somalia Italiana" or Italian Somalia (not Somaliland), and of "Isole Italiane dell'Egeo" or Italian Islands of the Aegean (instead of simply Aegean Islands) and suggests that this usage be adopted by the Department.

No. 349

To the American Ambassador,  
Rome.

The Secretary of State refers to the Ambassador's unnumbered despatch, dated February 11, 1931, with which there were transmitted sheets 1, 4, 7, 13, 16, and 17 of the Carta della Somalia, scale 1:400,000, published under the direction of the "Servizio Cartografico del Ministero delle Colonie."

It would appear that there are to be twenty-two sheets in this series and that the sheets under reference constitute the first six sheets to be published. It is desired to procure all of the sheets in this series as they become available, and the Ambassador is requested to make arrangements to that end. If they are not available without cost the Ambassador is requested to inform the Department, from time to time, what sheets are available and at what cost, so that purchase orders may be issued.

FROM Italy ( Long ) DATED Mar. 28, 1935

TO NAME 1-1127 ...

REGARDING: Map of Italian East Africa recently published by the Istituto Geografico De Agostini, of Novara, Italy, leaves part of Eritrea and all the border between Italian Somalia and Abyssinia undefined. A rudimentary boundary line is indicated at the southern end of the Somalia-Abyssinian border in such a way as to suggest that if it were continued the towns of Ualual and afdub would both be within Italian territory instead of well outside of it as they appear on other maps.
